## Parker von Ostrand Bio

17-year-old Parker Van Ostrand began studying piano at the age of four with Linda Nakagawa in Sacramento, CA. Currently Parker is studying with concert pianist Garrick Ohlsson. He performed at Carnegie Hall at age five after winning first place in the AADGT competition. Since then he has returned to Carnegie Hall twice and has performed in numerous recitals throughout the United States, Singapore, and Japan.

As a competition winner, he has performed with the Merced Symphony, Central Valley Youth Symphony, California Youth Symphony, and the Auburn Symphony, and was invited to perform with the Symphony Parnassus and the Camellia Symphony. In 2017, he won the MTAC Concerto State Finals Competition and in 2018, the Mondavi Center National Young Artists Competition. In the summer of 2018, he was invited to tour with the California Youth Symphony performing in the Baltic and Scandinavian countries. Last summer, he attended the Frost Chopin Piano Festival in Miami on a full scholarship. He also attended the Philadelphia Young Pianists' Academy, where he won first place in the Philadelphia International Piano Competition.

As a winner, he was invited to perform live for the Philadelphia WRTI radio broadcast, and received a full scholarship to return to the festival. He recently participated in the 10th National Chopin Piano Competition in Miami where he received 3rd place overall and the best sonata prize. He also qualified to participate in the International Chopin Competition in Warsaw, Poland.

Besides piano Parker enjoys running, painting, and learning Japanese. In the fall he will be a senior at McClatchy High School. After high school he hopes to continue studying music and academics
